# MBD

## Mobile Scale

Designed and manufactured by MWS Ltd in Leicester, the MBD is a four load cell compact mobile scale with rear stand for a variety of terminals and battery brackets.

The scale features a low profile weighing deck and fixed wheels for easier handling and moving around site, as well as safer loading by operators.

The MBD is manufactured in 304 grade stainless steel (316L available upon request) and is suitable for use in areas where there is an abundance of moisture or powders.

## Application
