

PRODUCT INFO

Hygeia Check Weigher

Compact Bench Platform Scale

The Hygeia is a single point bench platform scale fitted with a stainless steel load cell from Flintec, designed and manufactured in Leicester by MWS. As standard, the Hygeia is fitted with a DFWLID Weighing Indicator.

The Hygeia is ideal for users who require a hygienic weighing scale that is simple to clean and has a low overall cost of ownership.

The hygienic fold flat plate design has been tested to destruction to ensure optimum strength-by-design. The open design makes cleaning simple and with less bug traps than a standard platform, making it ideal for food factories.

The Hygeia1 comes with three feet, creating a tripod effect. This eliminates wobble and makes the unit extremely easy to level when moved.

Application

- General Weighing

Features

- Portable weigh scale with Micro 600 weight indicator for simple portion control
- Smooth open plate design for ease of cleaning
- Three 40mm diameter neoprene rubber feet for easy levelling of the weigh base.
- Lower cost of ownership due to long-term lifespan of the product and components fitted
- Lifetime warranty on the structural integrity of the fabrication, other components are covered for 5 years

Standard Features

Optional Extras

Specifications

Construction

- Material: 304 Stainless Steel
- Finish: Glass Bead Blast
- Load Cells: Flintec Single Point
- Levelling Feet: 3 x 40mm Neoprene Rubber
- Weight Indicator: Micro 600
- Power Supply: Mains or Battery Options
- Temp Range: - 10 °C / + 40 °C

Options

- 316 Stainless Steel Material (Scale Base Only)
- Electro Polish Finish (Scale Base Only)

Model	Weighing Area (mm)	Capacity (kg)	Load Cell	Load Cell Material	Power
HYG1BB06	250 x 250	3/6kg x 0.5/1g	PC42 - IP67	Aluminium	Battery
