

 PRODUCT INFO

HCPM

Heavy Duty / High Capacity Scale

The HCPM is a range of heavy duty floor scales designed and manufactured in Leicester by MWS.

The design is ideal for environments where a hard wearing scale is required.

MWS follows simple strength by design principles and has manufactured the HCPM using 120 x 60mm box section with an 8mm deck plate. This ensures that the unit is strong enough to cope with loads up to 12,000kg while remaining just 160mm high.

Application

- General Weighing

Features

- The HCPM is robust enough to meet the needs of even the most arduous of environments
- Built using a heavy duty box section to create a frame that provides a strength by design structure
- Lower cost of ownership due to longterm lifespan of the product and components fitted
- Lifetime warranty on the structural integrity of the fabrication
- 5 year warranty on fitted components

Construction

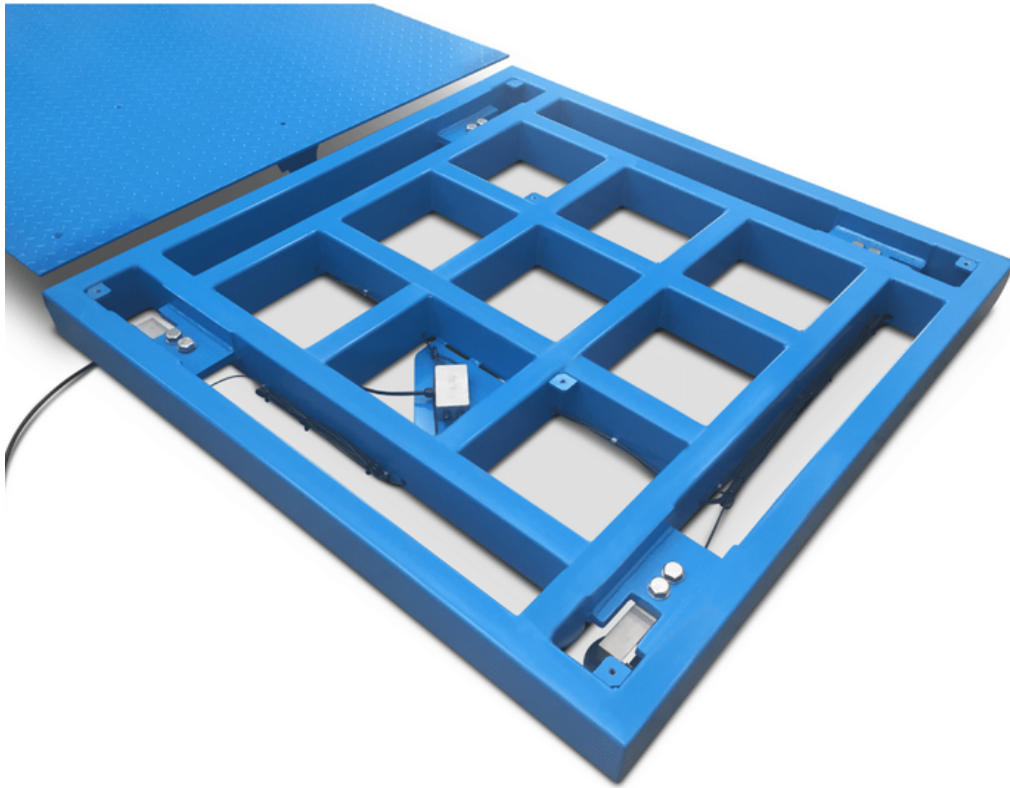

- Material: Mild Steel
- Finish: RAL5015 Powder Coat
- Capacity: 3,000 to 12,000kg
- Size: 1500 x 1500mm to 3000 x 2000mm

Standard Features

Optional Extras

PRODUCT INFO

Model	Size (mm)	Height (mm)	Capacity (kg)	Load Cell
HCPM1515	1500 x 1500	160	3,000 – 12,000	Flintec SB5
HCPM2015	2000 x 1500	160	3,000 – 12,000	Flintec SB5
HCPM2020	2000 x 2000	160	3,000 – 12,000	Flintec SB5
HCPM2512	2500 x 500	160	3,000 – 12,000	Flintec SB5
HCPM2515	2500 x 1500	160	3,000 – 12,000	Flintec SB5
HCPM3015	3000 x 1500	160	3,000 – 12,000	Flintec SB5
HCPM3020	3000 x 2000	160	3,000 – 12,000	Flintec SB5
